PETITION

To the Legislative Assembly of Ontario:

Whereas, the taxpayers of Ontario have already been stretched to the limit to pay for this Government's inability to manage Ontario's finances;

And Whereas, increasing hydro rates, the new Ontario Retirement Pension Plan, and increased user and licensing fees for just about anything one needs the government's permission to do have made living in Ontario a costly endeavour for anyone;

And Whereas, the proposal for a Municipal Land Transfer Tax could add as much as \$10,000 in taxes to the average-priced Ontario home, making home ownership an impossible goal for many;

We, the undersigned, petition the Legislative Assembly of Ontario as follows:

That the Government of Ontario withdraw plans to change the Municipal Act to allow for the levy of a Municipal Land Transfer Tax.
