

PETITION

TO The Legislative Assembly of Ontario:

WHEREAS the McGuinty government has announced plans to change a number of Ontario Health Insurance Plan (OHIP) services,

And WHEREAS these changes are the result of a provincial debt crisis created by nine years of out-of-control government spending,

And WHEREAS these changes will affect the ophthalmology, cardiology, and radiology services that are currently crucial to many Ontarians' quality of life

WE the undersigned petition the Legislative Assembly of Ontario as follows:

That the McGuinty government release their patient health impact study on the recently announced Ontario Health Insurance Plan changes or, if such a study has not been conducted, that one is immediately undertaken and made public.
